Registration Statement on Form F-4

Summary Unaudited Pro Forma Condensed Combined Financial Statements,
page 58

1. Please consider revising your disclosures here to present a "summary" of your pro forma information. In this regard, consider including only the information in the pro forma balance sheet and pro forma income statement columns for Scenario 1 and Scenario 2, excluding the adjustment columns, with a cross reference to the more detailed pro forma financial information beginning on page 152.

The Business Combination Proposal
Earnout, page 104

3. We note your response to prior comment 8. To avoid confusion as to the terms of the business combination agreement, please revise to remove the section describing the no

longer applicable earnout provision. Any discussion of the earnout should be limited to the narrative disclosure of the background of the business combination. Summary of Opinion of ValueScope, Inc. as Financial Advisor to Tristar, page 123

4. We note your response to prior comment 11 and that ValueScope developed its own projections, based on the historical financial performance of Helpport, in connection with rendering its fairness opinion. As such, please provide the full projections in your disclosure, along with the material assumptions and limitations underlying them. Unaudited Pro Forma Condensed Combined Financial Statements Basis of Pro Forma Presentation, page 153

5. We note your response to prior comment 12. However, your disclosure continues to state that the historical financial statements have been adjusted to give pro forma effect to events that are directly attributable, factually supportable and expected to have a continuing impact on the results of the combined company. This language relates to legacy pro forma guidance that was superseded by SEC Release No. 33-10786. Please revise to remove this language here and on page 60. Unaudited Pro Forma Combined Balance Sheet, page 154

6. The pro forma cash and total assets under Scenario 2 do not foot. Please revise.

7. You state in your response to prior comment 12 that you revised pro forma adjustment (3) to specifically quantify each component of the adjustment and to which entity the fee relates. However, such information has not been provided. In your response, please provide us with a detailed breakdown of the \$5,707,943 adjustment to cash. Describe each individual item and identify to which entity it relates. To the extent any amounts relate to expenses already incurred and paid by either Helpport or Tristar, explain why you are deducting such amount from cash and cash equivalents. In addition, tell us whether the \$3.5 million of Purchaser Transaction Expense payable by the Pubco as discussed on page 18 is reflected in this adjustment. Lastly, revise your pro forma footnotes to further clarify this adjustment. Liquidity and Capital Resources, page 212

8. We note your revised disclosures in response to prior comment 20 where you state that you usually grant customers a credit term between 180 and 365 days. Please reconcile this with your disclosure on page 188 where you indicate that customers can "choose to settle their bills on a quarterly or annual basis," and revise as necessary.

9. We note from your response to prior comment 22 that you did not reflect the intangible assets acquired from Youfei Shuke in the statement of cash flows because you had not yet paid the contract fee for the development of such asset. Tell us why the amounts have not yet been paid and how that complies with the terms of the agreements in Section 4 of Exhibits 10.18 and 10.19. Also, please revise to include a discussion of this transaction in the statement of cash flows or the notes thereto as a non-cash transaction and confirm that you intend to reflect the intangible asset in investing activities in the period in which the

amounts are paid. We refer you to ASC 230-10-50-3 through 50-6.
Notes to Helpport Limited Financial Statements, page F-7

10. You state in your response to prior comment 21 that you included information regarding the subscription receivables in the notes to the combined financial statements; however, it appears that no such revisions have been made. Please revise or explain.
General

11. Please update your disclosures on pages 33, 50 and 61 to include the additional \$500,000 of proceeds received on January 5, 2024 for the September 2023 promissory notes.

12. Please provide us with any correspondence between Wells Fargo Securities and Tristar or Loop Capital and Tristar relating to the resignation of the firms. We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
